Key features of advertising systems

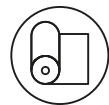

Cost-effective, reusable structures allow for graphic print replacement without the need to build a new frame.

Quick and tool-free assembly – most products require no additional tools.

Modularity – individual products in the range can be combined to create a cohesive and compatible configuration.

Sublimation printing on textiles – an eco-friendly method where the dye bonds with the fabric, providing vivid, long-lasting colors and detailed patterns on polyester textiles. The print is fade-resistant, durable, and environmentally friendly.

Exhibition systems that ensure no one walks past your brand unnoticed.

Modular and mobile advertising systems offer a versatile solution for professional brand presentation at trade shows, conferences, and outdoor events. The product range includes textile display walls, LED panels, exhibition booths, and more – all designed to meet the needs of various industries.

Thanks to many years of experience and in-depth industry knowledge, these solutions combine high quality with intuitive, innovative design. Advertising agencies, media houses, and business clients rely on these ready-to-use, dependable products to simplify event organization and brand communication.

User-friendly assembly is a top priority, making it easy for even inexperienced users to set up a display wall or light-box with minimal effort. The goal is to ensure practicality and ease of use without requiring large setup teams.

High standards and a constant search for innovation drive the development of these advertising solutions, delivering functionality, durability, and eye-catching design that help brands stand out at professional events.

Textile display walls

Advertising walls are powerful promotional tools that use custom-printed graphics to effectively showcase your brand and products. They offer unlimited possibilities for presenting a brand, product, or idea – anytime, anywhere. The graphics are printed on textile materials, allowing for easy replacement depending on your needs. Thanks to the tool-free assembly, anyone can set them up without prior technical experience. Additionally, the prints are produced using an eco-friendly sublimation method, which ensures vivid, durable colors and high-quality visual presentation.

Applications:

- Photo backdrops
- Conference backdrops
- Office and service space decoration
- Trade show and exhibition areas

The perfect solution for:

→ **Companies and corporations** looking to increase brand visibility at industry events

→ **Small and medium-sized businesses** seeking an effective and portable solution

→ **Advertising and marketing agencies:** a tool for running promotional campaigns

→ **Event organizers:** eye-catching exhibition spaces.

→ **Educational and cultural institutions:** showcase your initiatives and product displays with a strong visual presence.

→ **Freelancers and creative professionals:** design your photoshoots, recordings, and webinars with stylish backdrops that reflect your personal brand.

Lightboxes

Advertising lightboxes are multifunctional products that can serve as either freestanding or hanging displays. They can be printed on one or both sides and enhanced with visible LED lighting that grabs attention from afar. An added benefit is the ability to change the graphics without the need for tools. Lightboxes are highly versatile and can be adapted to various settings and objectives. Textile advertising is an excellent way to draw the audience's eye to your brand.

Applications:

- Trade shows
- Conferences and major events
- Interior architecture
- Exhibition spaces
- Retail environments

The perfect solution for:

- **Large companies and brands** looking to stand out at major events.
- **Small and medium-sized businesses** seeking a cost-effective and flexible advertising solution.
- **Advertising and marketing agencies** using lightboxes as an effective tool in promotional campaigns.
- **Event planners** creating exhibition spaces that are both eye-catching and functional.
- **Retail stores** looking to improve product presentation and draw in more customers.
- **Interior designers** who use them as striking decorative features in office spaces.

Promotional counters & tasting stands

Promotional stands are an essential component of product marketing and tastings. They effectively attract the attention of customers and visitors at trade shows, retail stores, or office spaces. These stands serve as tools that encourage interest in the brand's offering. High-quality printing and visually appealing graphics are key to successful promotion.

Applications:

- Promotional events
- Product tastings
- Trade fairs
- Retail stores
- Office decor

The perfect solution for:

- **Food and beverage brands** looking to create a convenient setup for tastings and product presentations.
- **Marketing teams and brand managers:** to enhance promotional activities and campaigns.
- **Retailers and store owners** creating engaging in-store promotional spaces.
- **Event organizers** looking to create engaging spaces for promotional events.
- **Corporate businesses** in need of systems to showcase their products and services.

Outdoor advertising

In both summer and winter, tents, columns, arches, deck chairs and flags are among the most effective promotional tools. Our offer includes all of these products in a wide range of variants and configurations to suit your needs. All inflatable products use constant pressure technology, meaning they only need to be inflated once to maintain a stable structure throughout the day. One-time inflation eliminates the need for portable power sources, reducing additional costs and unnecessary noise.

Applications:

- Outdoor events
- Festivals and fairs
- Sporting competitions
- Beach promotions
- Seasonal events

The perfect solution for:

→ **Event organizers** looking to create outdoor spaces that are both visually appealing and functional.

→ **Sports teams and sponsors** aiming to boost brand visibility during competitions.

→ **Festival organizers** seeking durable and customizable promotional solutions for years to come.

Roll-up

Roll-up banners are one of the most versatile and popular tools for promoting products, services, and events. They are portable and easy to set up – ideal for creating a basic display booth. Whether used at trade shows, in-store promotions, or corporate events, roll-ups naturally draw attention to your brand. Their lightweight construction makes them easy to transport and assemble, while high-quality printing ensures crisp and vibrant graphics.

Applications:

- Trade fairs
- Exhibitions
- In-store promotions
- Corporate events
- Conferences and seminars
- Product launches

The perfect solution for:

→ **Government offices and public institutions** looking to communicate important information.

→ **Event organizers** seeking lightweight, eye-catching signage for conferences and events.

→ **Retailers promoting** products or selling directly in-store.

→ **Corporations** showcasing brand information at meetings, presentations, and networking events.

→ **Educational institutions** presenting information during open days, career fairs, and other academic events.

Multimedia advertising

LED-based advertising screens are becoming an increasingly common element in promoting products, services, and events. The Digital series models are a proposal for those seeking bold and multimedia-oriented solutions. This category includes versatile tools that allow content to be presented in an attractive and effective way. Digital signage, LED displays, and advertising totems are excellent solutions for use as informational hubs in offices, galleries, or any venue visited by people.

Applications:

- Corporate offices
- Shopping malls and galleries
- Trade shows and exhibitions
- Public spaces
- Entertainment venues

Ideal for:

→ **Public institutions** looking for clear and appealing ways to deliver information to visitors and the general public.

→ **Art galleries and museums** in search of modern solutions for interactive displays and information.

→ **Enterprises and corporations** aiming to improve communication and brand visibility in offices and public spaces.

→ **Retailers and shopping centers** who want to create dynamic and engaging advertising messages.

→ **Event organizers** who want to deliver impressive visual content at conferences, exhibitions, and events.
